

The Automatic Control Group (Prof. Daniel Quevedo) in the Department of Electrical Engineering at Paderborn University is seeking a

### **Research Associate (Wissenschaftliche/r Mitarbeiter/in)**

This is a full-time position, which is to be filled as soon as possible. We will welcome doctoral students and postdocs. The position is limited to the duration of the qualification procedure in the field of Automatic Control, depending on the previous qualification, for a period of usually 3 years to fill (according to WissZeitVG).

#### **Your duties and responsibilities:**

The appointee will be actively involved in our research activities in the area of networked control, support the group's teaching activities (4 SWS) and also assist in the supervision of final-year students.

For further information, see <http://control.upb.de>

#### **Your profile:**

- A Master's or a doctoral degree in control theory from an excellent University.
- Postdoctoral applicants must have a proven capacity for high-quality research in our areas of interest and publications in leading international journals in systems control.
- Fluency in English is required, knowledge of German is a strong Advantage.

We offer a stimulating work environment in an international team and an attractive remuneration package according to pay scale TV-L EG 13 of the German public service (approx. € 3.600-4.000/month).

Applications from women are particularly welcome and, in case of equal qualifications and experience, will receive preferential treatment according to state law (LGG). Qualified disabled people (in the sense of the German social law SGB IX) are also encouraged to apply. The applicant may choose to have the staff council (WPR) involved in his/her appointment.

Please send your application (including a cover letter, your CV, list of publications, and contact details of at least two referees) to Ines Kaiser, [ines.kaiser@upb.de](mailto:ines.kaiser@upb.de) by **15 August 2018 (reference no. 3391)**.
